

Woman Injured, Jaws of Life Used

The Jaws of Life were used Sunday to free a 17-year-old woman from her automobile following a two-car accident in Grayling.

The Union Lake woman was taken to Mercy Hospital for treatment and later released. The two-car accident occurred in front of the Union 76 Service Station on I-75 business loop about 3:25 p.m. High snow banks may have been a factor in the accident which is still being investigated by Grayling City Police with assistance from the Crawford County Sheriff Department.

Two other young women were injured Friday in a car accident on US-27 northbound. Linda Noehles, 17, of Saginaw, and a 15-year-old from Chicago, Illinois, were transported to Mercy Hospital by the Crawford County Ambulance Corps and hospitalized for injuries. Their vehicle left the roadway and rolled over.

An injury to an EMT assisting at a fire last week was more serious than first reported. The EMT was transferred from Mercy Hospital to another hospital for treatment.

Gala Party Planned

Hanson Park To Host Party on Adult Ski Night

Monday evening, February 8 will find activity at Hanson Hills Ski Park in full swing as the park plays host to the second big party of the year for area adults. Billed as "Suds and Shucks Night" the park will see to it that there is plenty of beer and peanuts for everyone attending. Activities will get under way at 7:00 p.m. when the hills open for downhill skiing and the lodge opens for the "party". All adults of the area are cordially invited to come and enjoy this evening of fun at the local community recreation area, whether they ski or not.

Adding to the festivities of the evening will be the Original AuSable River Dixieland Band which will begin playing about 8:30 p.m. Every Monday night is adult night at Hanson Hills and on most of those evenings something special is planned for the enjoyment of those attending. But Monday night, February 8 is a special night, with a good time guaranteed for all adults attending.

17 Year Olds Can Now Give Blood Without Permission Slips!

The Michigan Legislature, shortly before the Holidays, gave the Red Cross Blood Services a nice Christmas gift!

After weeks of being stalled in legislative committees, a bill allowing 17 year olds to donate blood in Michigan without parental consent was given overwhelming approval, and has now been signed into law by Governor Milliken.

Now, young Donors who are 17 can give blood without having to present a Red Cross form signed by a parent or guardian. All the former confusion of forgotten approval slips, or failure to get the signed form before coming to the Blood Bank, etc., are gone.

All the 17 year olds who want to donate blood have to do is come to the Red Cross Blood Bank and if he or she can pass the standard - but strict - health tests to protect both the Donor and the eventual recipient of the life saving blood - they can become members of a most select group - the Life Saving Blood Donors of American Red Cross!

The next Blood Bank, incidentally, is March 17th at the American Legion Hall in Grayling. Mark your calendars now!

A Report To The People

By Harrison Goodhue for the Commission on Aging

In the Summer and Fall of 1980 we told you through the columns of The Avalanche that the wonderful work of the Crawford County Senior Citizens Center would come to an end unless the people of Crawford County would tax themselves a half mill per year to provide the money needed to carry on the Center's work because Federal and State funding was going to be radically reduced in the immediate future.

As you should recall, the good citizens of this community responded by overwhelmingly voting to support the Center; the millage proposal was approved at the November 1980 elections; and the tax funding would begin with 1981 taxes, payable beginning in December 1981.

This report is to tell you what happened in 1981 and the prospects for the coming years.

In this report we will use the term "year", but, the figures are related to the Center's fiscal year which begins October 1st and ends September 30th, not to calendar years.

In the Summer of 1980 we explained how the Center was basically funded by approximately \$110,000 in Federal and State Grants and \$10,000 from Crawford County General Tax Fund; and, that it was anticipated the \$110,000 government grants would shrink to about \$45,000 by fiscal year 1982; and

Board Approves Co. Jail Study

By Jon Thompson

The Crawford County Board of Commissioners approved last Thursday a study of changes needed to bring the county jail up to date with state regulations.

The county has been involved in lawsuits concerning jail conditions and board chairman Jeannette Kitchen said commissioners have received complaints from several attorneys about conditions for inmates at the jail.

The major facility the jail lacks, according to new state codes, is an indoor recreation area. County officials are reluctant to discuss other areas that may not be up to date with state codes for fear of fueling more lawsuits.

The study, showing what the 11-year-old jail needs to comply with state codes, will be made by M.J.K. and Associates, from Lansing

and Gaylord. Expected to be completed within four months, the study will cost up to \$3,750 and it will look at other deficiencies in the building such as in heating or insulation.

Although complying with state codes could be expensive, Kitchen said at an earlier meeting the county has little choice.

"We know we have to do these things eventually," she said. "The judge says we have to do it."

Commissioner Larry Mattis said if the county does have to spend money to

Hanson Hills On Upswing

By Jon Thompson

Despite bad weather four weekends in a row, business at Hanson Hills is up from last year.

Park manager Howard Taylor said financially and in participation the park is progressing nicely.

Groomed and marked cross-country trails, among the best in Michigan, are attracting many out-of-town skiers.

Local downhill ski memberships are up and special nights are drawing more persons. Monday night is Adult night and more than 100 persons attended a recent free wine and cheese party on Adult night. Next on the agenda is a free suds and shucks party Monday night, Feb. 8th.

Wednesday night is High School night. Students skiing at the park is picking up.

Taylor says handling 70 passes a day for student skiers isn't uncommon. Additionally, a kid's ski class on weekends is bringing more young skiers out.

Taylor says the poor weather on weekends has kept down the number of out-of-town downhill skiers coming to the park. He said Hanson Hills can't offer the

huge hills and chairlifts like other ski parks but it can offer economy skiing.

Unlike downhill skiing, Hanson Hills cross-country trails can compete with any in the state. Consequently, out-of-town skiers have been coming to the park in good numbers in spite of the weather. A Poker Race at the park last weekend drew close to 100 cross-country skiers.

"There's been a definite increase in enthusiasm about the park from just about everyone who comes here," said Taylor. "When we opened, a lot of people had doubts we could accomplish what we said we were going to."

Taylor said, basically, the park has met all of its goals for improvement. One big plus financially for the park

County Officials Upset

Snowmobile Program Shortchanged?

By Jon Thompson

County officials were dismayed last week after apparently discovering the left hand of the state of Michigan cutting off the right hand.

In December, the county was informed by the Michigan legislature and the DNR that funds for a snowmobile safety and educational program were being cut because snowmobile registration was down 50 percent over two years.

Then, in January, the county found out \$370,000 taken from snowmobile registration fees was given out in 38 grants by the legislature and DNR to non-profit clubs and local govern-

ments to buy, develop, and maintain recreation and snowmobile trails.

The snowmobile safety and educational program funds total only \$45,000 this year to be divided among 83 counties. In a letter to Sheriff Joe White dated Dec.

21, 1981, Frank Opolka, chief of the DNR law enforcement division, said the funds were being cut from \$90,000 last year to \$45,000 because the decrease of snowmobile registrations resulted in "insufficient revenue to support current programs."

The safety program was started in 1969 in Crawford County. County officials say the legislature and DNR have apparently started a new program by shortchanging the snowmobile safety program. The board of commissioners have written a letter to Representative Ralph Ostling asking him to investigate the fund shift.

Miss Grayling To Be Crowned Saturday

Connie Keene, Miss Grayling 1981, will hand over her crown to one of eight contestants this Saturday.

Co-hosting pageant proceedings that start at 8 p.m. will be Pamela Eldred Levey, Miss America in 1970, and Wayne Hindmarsh, WQON general manager.

Miss Grayling 1982 will reign over the Winter Sports Carnival and represent the community in other

pageants and festivities around the state. The new queen and her court will be introduced at the Winter Carnival kick-off dinner next Thurs., Feb. 11, in the first of their public appearances.

Norma Naur, director of the pageant, said the final week of preparation for the eight girls means rehearsals at the high school every night. The contestants will be given final pointers in

poise and posture and will practice a dance routine plus individual talent performances on stage.

Also on the agenda is a swim party at the Hospitality House and an informal information gathering session held at Elaine Siwula's residence.

Last week the girls, their pageant "Moms", and several committee members were guests of M.B. Dorans

for a candlelight dinner. At the end of the evening, Mika Fijolek and Brenda Petrosky were surprised with a birthday cake - both girls turned 18 during pre-pageant rehearsals.

Wrestlers Add To Win Streak

Ron Wyman, wrestling in his first varsity match last Thursday, won a key decision that allowed Grayling to defeat arch-rival Petoskey 31-29.

Last Saturday, Tim Jensen recorded his 101st victory helping the Vikings take first place at a nine-team Reed City tournament.

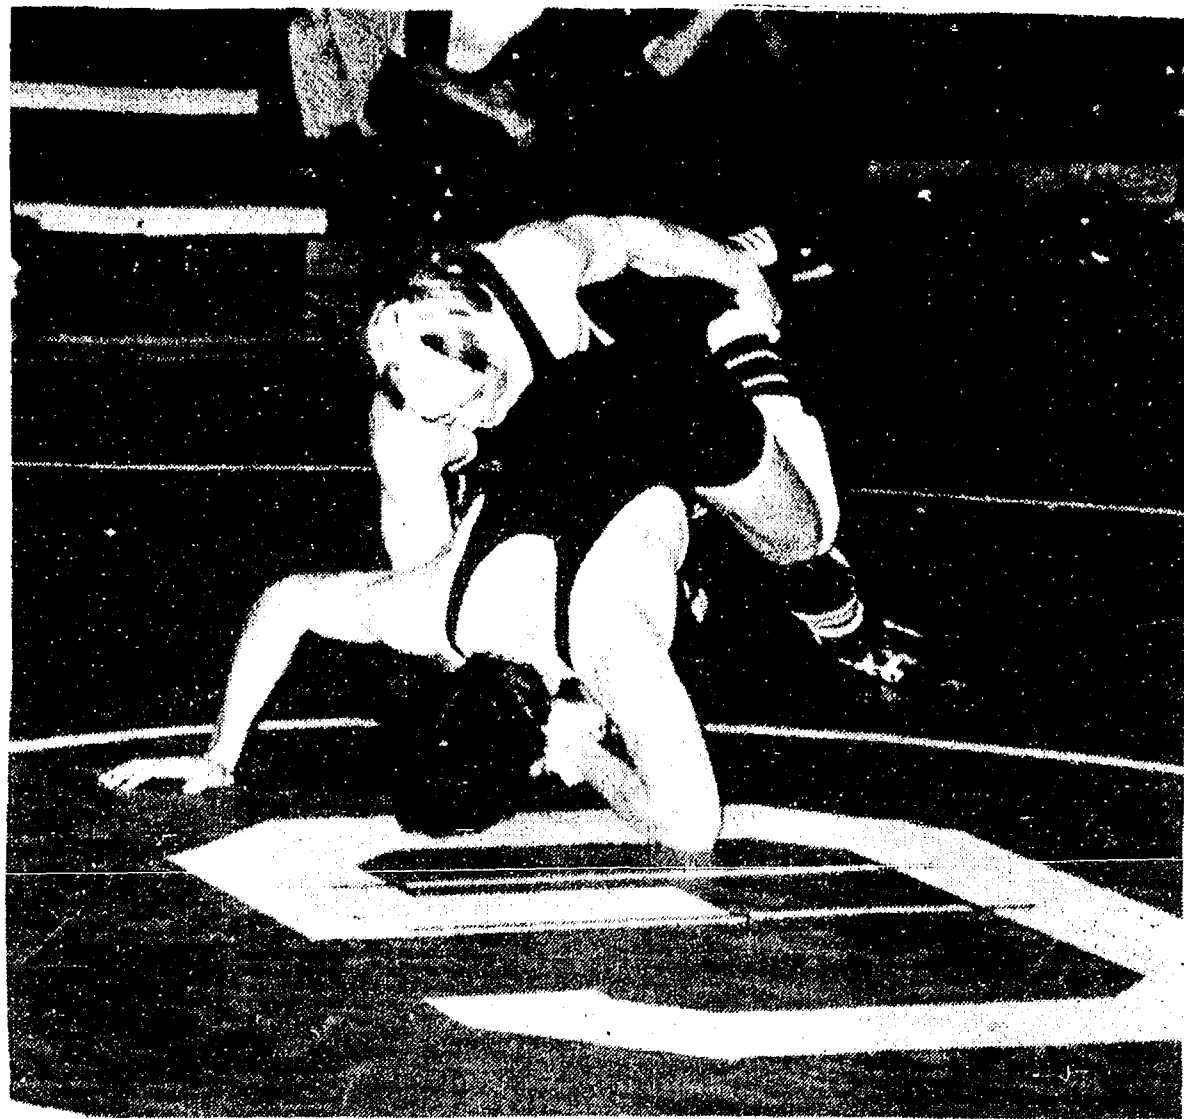

Against Petoskey, Wyman's 7-2 win was the first step of a bold move that won the match for Grayling.

Coach Don Ferguson inserted Wyman, who had never wrestled a varsity match before, at the 132 lb. weight class and moved his next five wrestlers up a weight class each.

The six wrestlers involved in the move, Wyman, Tim Ferrigan, Dave Pettit, Jim Piper, John Solmonson, and Jeff Knight, responded by winning all six of their matches. Knight moved up to a weight class twenty pounds heavier than his usual class and wound up beating Petoskey's wrestler 16-0. His opponent had only lost two times before this season.

Grayling started the match by forfeiting at 98 pounds and then lost two matches to fall behind 17-0. Steve Sauve, at 119 pounds, and Tim Jensen, at 126, got Grayling on the board after that with two wins.

Petoskey and Grayling entered the contest undefeated

TAKEDOWN—Jim Piper scores points on this takedown against his 145-pound opponent. Piper took a first place last Saturday in a nine-team tournament at Reed City.

in dual matches. It was the first time Grayling has defeated Petoskey and the largest crowd ever to watch a wrestling match at Grayling cheered the Vikings during Parent's night.

At Reed City, Grayling

took first with 158 points to 151 for second-place Mason County Central. The Vikings sent six wrestlers to the finals and captured six first place awards. Besides Jensen's first place, Ferrigan, Sauve, Piper, Solomsonson,

and Knight won first place honors. Chris Krajenka, Dave Pettit, and Dan Meldrum took third place.

Grayling now is 8-0 in dual matches and has six tournament trophies.

TRENARY LEADS COMEBACK—Behind Brad Trenary's clutch playing, Grayling pulled out a 58-57 victory over Roscommon after being down 7 points at the end of the third quarter. Trenary came up with a steal here and made a breakaway basket to pull the Vikings to within two points.

Vikings Beat Bucks; Bounced by Boyne

By Jon Thompson

Brad Trenary sank three free throws, made two steals, and hit a bucket all within the last two and a half minutes against Roscommon to bring Grayling back for a 58-57 victory.

Grayling was down by seven points heading into the fourth quarter before Trenary took over. He wound up with 21 points on eight field goals and five of six free throws.

Coach Butch Hayes said the entire team played exceptionally well in the fourth quarter. He said the Vikings appeared sluggish for the first three quarters.

Trenary, along with Tracy Fagan and Jim Hill, ignited the Viking defense in the fourth quarter. Grayling pressed the Bucks full court causing turnovers. In their trapping defense under their own bucket, Grayling players were so aggressive they were attempting steals on every other Roscommon pass.

Monte D'Amour hit for 14 points, Tracy Fagan added 9, and Ted Methner had 6. Jim Schrader had 4 points, Jamie Radebaugh 3, and Jim Hill 1.

Against Boyne City, a four-point opening period buried the Vikings. Boyne scored 20 points or more each period

while Grayling scored 4, 20, 11, and 27 in the 82-62 loss.

Hayes said Grayling couldn't buy a bucket in the first half. They shot eight for forty-one from the floor for the first two periods.

One bright note in the defeat was Grayling free throw shooting again hit high percentages for the third game in a row. Hayes said poor free throw shooting earlier in the year cost the Vikings a couple of games.

Trenary again led Grayling scorers hitting for 22 points. Fagan scored 14 points and Ryan Morford and Ted Methner scored 8 each. Jim Hill added 4 and Jamie Radebaugh, Jim Schrader, and Monte D'Amour scored two apiece.

In J.V. action, Barsie Cross put on a rebounding show against Boyne City to lead Grayling to a convincing 74-57 win. Cross grabbed 21 rebounds and scored 18 points.

Gregg Burns scored 11, Ken Lademan and Wayne Ross 10 each as Grayling put together a good second half.

Against Roscommon, Barsie Cross and Wayne Ross combined to score 35 points but the Vikings lost on a last second shot 58-57. Cross scored 21 and Ross hit for 14. The Vikings travel to Cheboygan this Friday.

RSVP Reports

By Sherry Haag, Director

Welcome to news of Retired Senior Volunteer Program. This week's topic is Economy & Aging in our continuing discussion of issues presented at the White House Conference on Aging held in Washington, D.C. on Nov. 30-Dec. 3.

Our area where RSVP has been a vital force in serving seniors has been in consumer education and financial counseling. Business, government and the public have all felt the pinch of a tightening economy. However, older Americans feel more than their full share of high housing and utility costs and expensive health and social services.

Living on fixed incomes, many elderly find themselves edging into the poverty zone with no resources, such as savings or alternative incomes. Approximately 15% of the 65 and over population live on incomes below the poverty level and almost one-fourth are near poor. The median income of \$11,310 for an elderly family and \$4,652 for an older individual living alone cannot compete with inflation.

Almost 200 RSVP Volunteers work in 11 Fixed-Income Consumer Counseling (FICC) projects nationwide, helping people better manage their money, receive better health care and other benefits to which they are entitled and helping them avoid consumer fraud traps.

RSVP volunteers in California and Savannah, Georgia, to name two places provide seniors with information on referral programs, housing assistance benefits and tax credits to which they are entitled. Volunteers help seniors analyze their insurance coverage as well as helping seniors manage their money as well as food buying tips, and menu-planning for low-cost nutritious meals.

In Flint, Michigan, volunteers are working with Genesee County to provide tax assistance to shut-ins and the elderly for the state Homestead rebate as well as other state and federal taxes. Volunteers also assist the Consumers Affairs Dept. in taking consumer complaints. In October volunteers provided 12,829 volunteer service hours to the Flint area. A total of 100,055 volunteers service hours in a 9 month period.

In Crawford County, RSVP has added a new station. The Crawford County Sheriff's Department is in need of volunteers to help the Animal Control officer. The duties would be to assist in the maintenance of the Animal Shelter as well as taking phone calls and meet-

ing the public. The control officer is very busy and really needs this help to maintain quality care for the animals.

If you'd be interested in either of these assignments or in becoming a part of Retired Senior Volunteer Program, or if you have suggestions for a better program, give us a call at 348-4341 or 348-8322.

Stockton Takes 1st in Ski Race

Brett Stockton, of Grayling, captured first place in the age 16-18 division of the Bahnhof Open cross-country ski race at Bellaire. He received a pair of cross country ski poles for the first place in the USSA-sanctioned 10 kilometer race.

Stockton, a canoe racer also, captured second place in the 1981 AuSable River Marathon.

Donkey Basketball

Plenty of hilarious action and a good crowd are expected to keep Grayling High gym buzzing when a Donkey Basketball Tournament is staged at Grayling High School on Wednesday, Feb. 3, at 7:30.

Three games among four local teams will provide the entertainment for the night, and advance ticket sales indicate a large crowd will be on hand for the wild tournament.

"Tickets have been selling very well," said Yvonne Steffes, ticket chairman. "In fact—everything looks great—better than for most of the other events the Senior Class has sponsored lately."

Advance tickets are still on sale at John's Hallmark-Mini Mall. Advance tickets are \$2.50 for adults and \$2.00 for students. Tickets at the door will be \$3.00 for adults and \$2.50 for students. All proceeds will go to the Senior Class of '82.

The first game of the single elimination tournament will feature a band of rough and ready riders known as Seniors and the select group of equestrians Juniors. After this classic battle has been waged, the Sophomores will collide with the Freshmen.

The winners of the two hardwood wars (or is it roars?) will go after the less-than-coveted title in the championship game. Yet, many fans believe it is the donkeys who are the very pride of the court and the stars of the show. The talented and sports-minded animals are from The Buckeye Donkey Ball Co. of Westerville, Ohio, and all of them know their way around a basketball court.

From Our Corner ...

How is this for a change in the start of our corner for this week...we have no complaints about the weather this past week...it seems like the last four weeks that is about all that was on our mind...this past week the days have been just regular winter days...we have a lot of snow, the temperature has hovered over the zero mark most of the nights...and we did have little squall Thursday morning with winds bringing visibility to near zero, but that only went on until noon and then it cleared up and has stayed nice since then...

Last week we received a letter from one of our readers down in the sun belt...we'd like to share it with our other readers...

To the Editor's Corner:

Estero, Fla. Jan. 28, 1982

Dear Mr. Madsen,

There always has to be a scapegoat for all unpleasant happenings and when it comes to all the bad weather up home, you are to blame. Remember way back in Oct. when you kept writing in your editorials "Think Snow"? As you can see, everyone thought too hard and as a result all that fluffy, white stuff keeps falling. If you start, putting "Think Spring" in your column every week, perhaps the powers that be will turn off the snow faucet.

If we could wait some of this balmy weather up home, we sure would.

A nice hello to our friends in Good Ol' Lovells and Grayling.

Sincerely,
Hazel & Fred Koerke

Thank you Mrs. K, for reminding us about how we had Think Snow in our column...we'd forgot about it once it decided to snow, and really we were not asking for this much...we'll take your advice and start putting in our corner to start Thinking Spring...we doubt if it will help very much, the man upstairs hasn't been listening to the ol' fella lately...

Winter Sports Carnival activities are beginning to take shape with this coming Saturday evening, February 6th the big night when Miss Grayling will be selected from eight contestants who will be vying for the coveted crown and the right to represent Grayling in 1982...the pageant will be held at the Joseph Stripe Auditorium at the high school starting at 8:00 o'clock...for an added flavor at the pageant Miss America 1970, Pamela Eldred Levey will be co-host to the gala event...she is the granddaughter of Mrs. Sadie Brady of Grayling...

Kicking off the Winter Carnival there will be a dinner-dance at the Chief Shoppenagons Hotel, with an added feature of a show band that evening...then the big weekend will start on Friday and over Saturday and Sunday with activities for young and old...Hanson Hills is the place to be on February 12-13-14...you'll enjoy the winter fun...

Our bride has to go down in the book of records of some sort...she put up our Christmas tree two weeks before Christmas and finally took down the tree and all the Christmas decorations the 23rd of January...we'd send it to the Guinness book of records but we don't know how to spell Guinness...anyway we're going to call it a record for Grayling...until otherwise challenged...

To our readers...send in your love letters such as we have had in the past couple weeks...never know your contributions may appear in the Corner...and along with that you are helping out the old fella in our attempt to fill this favorite part of the Avalanche...this does not include letters to the editor on controversial subjects...just notes of your concern on what may appear here...in short form...

We hope the rest of February will be like the first day Monday...it was a beautiful sunny day, the ice was melting on the eaves and it was a quiet winter day...so, with the hope that spring is on its way, we will close our corner for this week...goodnight T.J., Stef and Amber...and to all our readers...do what the lady recommended... "Think Spring"...have a nice weekend...

safe driving is everybody's business

23 Years Ago February 5, 1959

Plans for the Grayling 34th Annual Winter Sports Carnival were moving into high gear this week, general chairman, Eric Post reports as the time draws short prior to the big weekend on Feb. 13, 14 and 15.

Mr. and Mrs. Tom Gibbons of Big Rapids spent the weekend with her parents, Mr. and Mrs. Don Weaver. They were here the previous weekend also.

Mr. and Mrs. Don Sorenson entertained with a dinner party for their daughter, Marie Louise, who was four years old, Jan. 20th.

Mr. and Mrs. Jack Wilson and children Douglas, Howard and Mary returned to Grayling Friday, Jan. 16th, after spending a year and a half at West Palm Beach, Fla. They are living on M-72, the children back in school here.

Mr. and Mrs. William Horn visited their daughter and family, the Don Jansens, from Friday until Wednesday of last week, taking grandson Curtis Jansen home with them for a few days' visit. The Jansen family drove to Saginaw Saturday to bring Curtis home.

Richard Stephan was 11 years old Jan. 12th.

The second annual school snow sculpture contest for cash prizes is now underway in the City Park by the water tower on US-27. Six classes have entered the competition this year and one class has their project about complete.

John Deckrow, now living in Flint, has been invited to judge the contest. Deckrow, the builder of many of Grayling's most famous ice thrones, says he is a Grayling resident just in Flint on leave.

The Fred Blaauw family went to Grand Rapids on Friday.

Mr. and Mrs. Otto Failing of Gaylord are the grandparents of a baby boy, Randy Joe, born January 15th to Mr. and Mrs. Ray Calkins (Mary Ann Failing) in Oscoda.

46 Years Ago February 6, 1936

Michigan people experienced one of the severest of cold days Wednesday, when the mercury at Grayling went to 16 below zero at 7:30 a.m., according to the thermometer at the Fish Hatchery. A bad blizzard raged all the day and night before. Tuesday afternoon an S.O.S. call was sent to the County barn in

Grayling for a snowplow to clean out the roads in the vicinity of the Love School. A heavy snow fell all afternoon and when it came time for dismissal the roads were blocked so badly it was impossible for the children to get to their homes.

Clare Madsen is driving a new Plymouth coach.

Holger (Dad) Hanson is driving a beautiful new Nash sedan.

Grayling friends will be pleased to know that B. Trudeau of Saginaw, who carried off so many honors in the special skating races, is none other than Bert Trudeau, who spent his boyhood in Grayling. He is the son of Mr. and Mrs. Thomas Trudeau who owned and operated the bakery here years ago. The young man is a whiz on skates and won several honors at the Alpena carnival also.

Mr. and Mrs. Albert Madill of Frederic are happy over the arrival of a son, James Albert, born Sunday, Feb. 3. He is quite a husky fellow, tipping the scales at 10 1/4 pounds.

"There may be bigger toboggans in the world, but we've never heard of them." That was the comment of John Deckrow and Grant Thompson, when they completed "Suicide Sal," great sixteen foot toboggan now in use at the Grayling Winter sports park where the eleventh annual carnival was held Jan. 24, 25 and 26. "Suicide Sal" is employed only by the more daring of the toboggan riders. It races down the three-chute, half-mile-long slide at speeds varying from 140 to 160 miles an hour. Regulation toboggans ranging in length from four to ten feet, attain speeds of well over one hundred miles an hour on the Grayling slide. "Sal" rides the chute so fast it is necessary to slow her down with sand and sawdust toward the end. Still, she has never known an accident.

69 Years Ago February 6, 1913

Thomas Cassidy is visiting in Cheboygan this week.

Word has been received here announcing the marriage of Miss Flossie McMahon to Mr. John Hodge, to take place on the 28th of this month, in Detroit. They were formerly of this city.

Otto Simpson of Detroit visited Miss Irene Lesprance Tuesday and Wednesday of this week. From here he went to Kalkaska to visit his parents.

This office has just installed some new printing machinery, and more will be coming soon.

The Hek-kai-dek-a girls entertained their gentlemen friends with a sleighride to the John Failing farm home in Beaver Creek Monday evening, instead of holding their regular meeting. The most important event of the evening was a chicken dinner served at 10:30. They departed for their homes amid song and laughter. Mrs. Esbern Olson and Mrs. E.R. Woodburn acted as chaperones.

A.M. Lewis and Co. are enlarging their store. The change will enlarge their sales room and prescription dept. and give them more light.

The Bible Speaks

From Calvary Baptist Church

JUSTIFICATION EXPRESSES LOVE

Romans 5:5b-8

Justification brings God's love into our lives to motivate us and radiate through us. "...Because the love of God is shed abroad in our hearts by the Holy Ghost which is given unto us." Romans 5:5b. Christian love is not some mushy, emotional, humanistic feeling. Christian love is the Holy Spirit living within us and expressing God's love throughout our entire being.

Justification brings God's love to us without our efforts and without our worthiness. "For when we were yet without strength, in due time Christ died for the ungodly." Romans 5:6. We could not gain this love by self effort. We were "without strength." We did not control the time the love was manifested, "...in due time Christ died..." Both God's love and His wrath are manifested in accord with His own sovereign time and purpose.

As "ungodly" sinners we did not deserve God's love. Most religions say, "become godly and live." Only Bible Christianity provides justification for the ungodly.

Justification shows the contrast of God's love with man's love. Man's love is very limited and conditional. "For scarcely for a righteous man will one die: yet peradventure for a good man some would even dare to die." Verse 7. Most human beings will only risk their lives for another "good" or "righteous" man. Parents die to save their children. Soldiers die to rescue their buddies. Policemen and Firemen often risk their lives for the innocent. Few human beings will die for an undeserving person.

Now let us look at God's love, "But God commendeth

his love toward us, in that, while we were yet sinners, Christ died for us." Verse 8. God saw you and me as filthy, rotten sinners when He loved us enough to send Christ down to die on a cross for our sins. No human words can express the greatness of God's love in light of our ungodly condition. How could God love us ungodly sinners enough to spare His only begotten Son to die as our substitute? Oh, the wonder of God's Justifying love. That same love is to be shed abroad from our hearts to the ungodly sinners around us. (adv.)

Wednesday in Mrs. Bovee's classroom, Mrs. Pomeroy came in and made some very delicious tortillas. She has been coming into

Mrs. Bovee's classroom for three years now. All of the students always like her tortillas. Mrs. Pomeroy just remembers her recipe for tortillas, but they are still good. Our class put butter, peanut butter and jelly on them. We all hope that Mrs. Pomeroy will come and make tortillas again!! Written by Clark A. Moore, 5th grade.

IN MEMORIAM

In loving memory of our mother, Iva Lazarowicz, who passed away one year ago, January 23, 1981.

When You Remember Me. When you remember me think of the hours filled with laughter, the kisses warm with tenderness and magic things thereafter, when you remember me, recall the good things I did, the short comings I used to have should be forever hid, when you remember me ponder upon the smiles we shared, the moments filled with understanding showing how we cared, when you remember me look to the summer's golden glow, the spell of spring and autumn and winter's ice and snow, think of these things, when I'm gone and I'm sure you'll see the happiness of bygone days -

When You Remember Me. Deeply missed by her children.

School Tax Petition Drive Launched

Warren M. Hoyt, Executive Director, MPA

An upstart group, calling itself Tax Reform in Michigan (TRIM) has announced the launching of a petition drive to put a proposed constitutional amendment on the November ballot that would eliminate property taxes as the basis for school financing.

As an alternative to property taxes, the group proposes to substitute several other taxes to support education.

The proposal could save more than \$2.5 billion in property taxes and a potential \$836 million total cut in state revenues.

The plan was announced recently by Mecosta County Commissioner James Obert.

To pay the cost of K-12 school aid, the TRIM amendment would increase state income and sales taxes to 5 percent from the current 4.6 and 4 percent levels, respectively.

Of the total, one percent of each tax would be allocated to public schools.

Also specifically allocated to schools would be 25 percent of all business taxes and oil and gas production lease revenue and royalties.

Additionally, local school districts could implement, with local voter approval, local income taxes that would receive a 50 percent match from the state government.

The proposal will guarantee property tax relief to those overburdened by the tax, Obert said. But, he added, it will not affect property tax paid to finance local governments and to pay off buildings in the school district.

The state could lose up to \$826 million through the proposal, but there would be no lost revenue if the state decided against cutting business property taxes, Obert said. However, the amendment speci-

cally says property taxes for school operations will not be levied on all commercial and industrial property.

Obert did not say how the business tax could be reinstated or where he thought budget cuts should come if the money was not recovered.

He said that was the responsibility of the Legislature to decide.

The amendment is a revised form of a proposal floated in 1980 which failed to gain a place on the ballot. Obert blamed that failure on too many petitions and too much competition that year.

Kelley Intervenes in AT & T Case
Attorney General Frank J. Kelley has officially asked the federal court which is hearing the anti-trust case against American Telephone and Telegraph to allow Michigan to intervene in the case.

Kelley said the state will propose a separate divestiture plan to the one agreed to by the federal government and the corporation, which would leave its Michigan Bell subsidiary "virtually intact, financially healthy and able to compete for profits in telephone equipment, yellow pages and similar markets."

Under the agreement reached with the government, Michigan Bell and the other Bell Telephone subsidiaries would be divested from the parent corporation, a move the Public Service Commission of Michigan feared could double to triple the current basic residential and business phone rates.

Federal Judge Harold Green has refused to rule on the agreement until a period of public comment has passed.

Under federal law, Kelley explained, interested parties are allowed to file comments, offer arguments and present witnesses in an effort to affect a judge's ruling.

Reye's Syndrome Week Feb. 7-14

The week of February 7th through February 14, 1982 has been declared "Reye's Syndrome Week" in Michigan by Governor William G. Milliken. "As Reye's Syndrome Week is being announced the Michigan Region of the Foundation is hopeful parents and physicians will keep Reye's Syndrome in their thoughts," stated Mrs. Dana Allen, President-Michigan Region, National Reye's Syndrome Foundation.

Is Reye's Syndrome on the decline in Michigan? This question was recently asked of Mrs. Allen who replied, "It appears to the public that Reye's Syndrome is declining in incidence only because of the relatively small number of cases reported this past year." "However, indications are that Influenza B will return to the United States in this year and historically Reye's Syndrome cases increase with outbreaks of Influenza B."

"We must continue to make parents and health care professionals aware that Reye's Syndrome is here and still a threat to the children of Michigan."

One of the major goals of the Foundation has been the establishment of the Multi-Center Collaborative Study Program. This now involves twenty-one major medical centers from around the Nation participating in the program, two of which are located in Michigan.

This, the first major research program of it's kind in the Nation, offers great hope for the answers to the cause, cure and ultimate prevention of Reye's Syndrome.

Awareness and early detection are the key. For a free brochure write the National Reye's Syndrome Foundation-Mich. Region, P.O. Box 302, Bloomfield Hills, Mi., 48013.

Lovells Home Extension

The January 20th meeting of the Lovells Extension Group was held at the home of Betty Lake; 18 members attended and two guests, Mrs. Dorothy Blackmer and Mrs. June Hartwig. After a tasteful luncheon served by the hostess and co-hostess, Vi Wingeier the business meeting was conducted by Chairman Betty McGowan. At roll call members related their "good ways to spend a winter evening."

Committee chairman reports: Safety-Leona Nichols read an update on the lab results of the Pineapple-Zucchini recipe.

Citizenship- Ruth Caid gave the group a civic quiz testing our comprehension of state and county statistics. Of course Helen Spencer, Lovells Twp. Clerk, excelled in the answers.

International and Bingo-Mildred Johnson requested we bring in any pictures, information relative to Canada the country to be studied this year. The January and February volunteers were selected for the Timberview Bingo after a discussion on the advisability of holding the bingo bi-monthly during the bad winter driving months.

Membership - Sophie Koernke read a letter from former member Florence Sonderquist.

The Mystery Package was won by Lottie Harris.

The lesson on plastic needlepoint was ably guided by Betty Lake, Cultural Chairman. The members were delighted with the resulting handwork.

Our next meeting will be held Wednesday, February 10th at the home of Irene Honey. There will be a Valentine gift exchange.

Please call your hostess if you cannot attend, or if you are bringing a guest.

Viking Skiers Third at Nubs Nob

Harbor Springs was a nice host school but denied their guests much success as they dominated a five team meet last Wednesday.

Girls' scores were Harbor Springs 32, Boyne City 70, Grayling, 87, Sault Ste. Marie 128 and Kalkaska 203.

Karyn Reynolds was the top skier in the meet as she placed 1st and 2nd for 3 combined points for her team. Kris Laudenslager was 2nd for the Vikes placing 13th in slalom and 11th in giant slalom. Heidi Bendig placed 15th and 10th, and Kris Casler was 16th and 19th. Diane Lee and Phyllis Walsh placed 18th and 23rd in slalom and Lisa Solomonson and Jean Stevens were 22nd and 23rd in the giant slalom event.

The young Viking team did well on the larger hills and once again showed their desire to improve.

The boys' meet was very close as Harbor just got by Boyne City with Grayling third. Team totals were Harbor 41, Boyne City 43, Grayling 82, Sault Ste. Marie 181, and Kalkaska 193.

The hill made the differences as Boyne and Harbor built a big lead in giant slalom over the usually strong giant slalom skiing Vikings who earlier this year beat Boyne in the event by 20 points.

Top skiers were Jerry Norman and Terry Norman as they placed 6th and 4th in slalom and 9th and 16th in giant slalom. Bill Martella placed 12th and 15th with Dave Burr 11th and 20th followed by John Huss with 22nd and 11th. Grant Thomas placed 21st in slalom and David Martella was 14th in giant slalom.

The Vikings ski Harbor Springs and Gaylord at home on Thursday, Feb. 4th at 1 p.m.

Report

(Continued From Page 1)

if that difference was not made up by local tax funding the Center, as we know it, could not go on.

In the figures detailed below of the 1982 fiscal year operating budget for the Center, the Federal & State Grants have declined to \$43,719 as anticipated, and after recognizing other miscellaneous income and funding, the Center will need another \$75,000 to cover its operating costs.

The millage is forecast to bring the Center \$70,000 in this 1982 fiscal year, leaving roughly \$5000 to be raised by the Senior Citizens themselves through their many fund raising activities: Bingo, craft sales, bake sales, quilts, flea markets-you name it, they do it!

Fiscal 1981 was the roughest financial period the Center has ever experienced. There were tremendous reductions in previously approved funding from the Government both State and Federal, and the Center had to trim personnel and programs sharply; off-setting paid trained staff personnel wherever possible with Volunteers; but in many instances having to eliminate specific and beneficial programs.

However, under the determined leadership of Lora Gould, the Seniors rallied totally to support their beloved "Center" and it survived! And, thanks to the tax support of the folks of Crawford County, the Center will be kept alive as long as there are no more radical cuts in government funding.

The Crawford County Commission on Aging believe it is important that all of the Good Citizens of our Community, who have taxed themselves to make sure our Seniors will continue to enjoy the truly outstanding activities that make their Golden Years happier and filled with meaningful programs, know how the funds they are contributing are utilized.

We are certain that all the Seniors in the County, who in some way partake of the Center's activities - and there are almost 2000 of them - say "Thank You" with true gratitude for your financial support, without which the Center could not continue to be alive and vigorously active.

"Catch-22" at GHS Feb. 25-26-27

When G.H.S. senior John Watkins graduates in June, the Grayling High School Players will have lost a valuable resource in this fine actor. Three and a half years ago, as a freshman, John first caught the audience's attention with his portrayal of Jimmy in "The Rainmaker."

From that point on, John didn't miss performing in a single production, proceeding from "You Were Born on a Rotten Day" and "Brigadoon" his freshman year, to the Prosecuting Attorney in "The Night of January 16th," and Tully in "The Mouse That Roared," as a sophomore. He acted in "Guys and Dolls" and "Summertime," as well as "See How They Run" and last spring's musical, "Anything Goes."

On Feb. 25, 26, and 27, John will lead the G.H.S. Players in their comic dramatization of Joseph Heller's "Catch-22," as Yossarian, the World War II flyer who desperately wants to get out of the war before the war gets him.

With "Catch-22," John culminates his four year acting career at Grayling High School. Although the spring musical is yet to come, this is the final play that will be produced during the school year. Says John: "This is the part I've been waiting for. In the role of Yossarian, I can express myself in ways I

haven't been able to in other plays."

When he is not acting, John enjoys model building, skiing, and drawing. It is this last pastime upon which he hopes to build his career, as a commercial or technical artist. After graduation from G.H.S., he plans to attend Central Michigan University, where he will major in commercial art.

John, the son of Robert and Patricia Watkins, comments of the character Yossarian: "This is a role I can relate to." Without a doubt, the audience will be able to relate to John and to his 22 fellow actors, when they bring to life on the Joseph Stripe Auditorium stage at 8:00 p.m. on February 25, 26 and 27, the zany comedy, "Catch-22."

Local Gal Wins Skiing Gold Medal

Fifteen year old Karyn Reynolds of Grayling won a gold medal for her first place finish in Women's Downhill ski racing. She also won a bronze medal for her third place finish in a Giant Slalom race and came in fifth in a Slalom race at CUSSA ski racing competition held at Thunder Mountain this past weekend.

About 90 young men and women ski racers from Michigan took part in the third of five weekend ski races partially sponsored by Nordica, Soloman and Rosignol and run by the Central Division of the United States Ski Association (CUSSA). The best racers in this program are invited to Junior Olympic finals later this winter. As this same United States Ski Association program is repeated all over the country, all young amateur skiers have an opportunity to be recognized and to advance toward the ultimate, a berth on the U.S. Ski Team.

Karyn is a sophomore at Grayling High School where she skis on the High School Ski Team. She has been racing for seven years and is coached by Mike Wieland. Last summer she attended a racing camp at Mt. Hood, Oregon.

To Alaska

...and Back

By Ken Hemming
"Time for This
One to Come Home"

My journey home was enjoyed at the leisurely pace of the whole trip; thus, it allowed me the opportunity to visit friends, meet new people, and take in many sights as well. From Juneau, I took the Alaskan State Ferry south, with planned overlays in each of the small cities along the route. The ferry is a pleasant way to travel, and it operates year round, offering reduced rates between October and May (free passenger fare for senior citizens). I found the atmosphere casual and the crew friendly.

My first stop was Sitka, the first Alaskan settlement and the only city facing the open sea along the ferry path. The people of Sitka are openhearted, and a historic church and a dance troupe reflect their Russian heritage. There is also a small college there, and during my stay I joined a fishery class in spawning operations. A student observer asked why so many salmon were jumping out of the water. At the time, I thought overcrowding in the channel caused certain fish to jump out of frustration, but the instructor said female salmon were loosening their eggs by jumping out of the water, turning, and landing on their sides. I watched the activity with renewed interest and insight.

From Sitka, the ferry meandered throughout the inland waterway, and the captain would frequently slow down and even circle the ferry around when a whale was sighted, announcing it over the intercom for passengers inside. I was impressed by the captain's efforts, because changing tides require a fairly tight schedule; be late for certain channel maneuvers inside. I was a six hour delay. The grace of a diving whale and its waving tail is a special event, however, and schools of dolphins were also seen playing in the ship's wake.

Wrangell, Petersburg, and Ketchikan are working class towns and main ports for fishing and logging industries. I stopped in each for a day, leaving Ketchikan (and Alaska) for Prince Rupert, B.C., where I caught a Canadian ferry to Vancouver Island.

The next phase of my return trip was a trail down the Pacific coast. While camping in Washington near Cascades National Park, I met some New Zealanders, and we spent an evening singing songs and telling jokes ("Did you hear the one about the Aussie..."). The following afternoon I spent in Seattle, following my pattern of checking out camping and natural food stores, becoming quickly drained by the massive stimuli of the big city, and happily taking to the open road again.

Briefly, a trip down the west coast is beautiful and varied. From the rainforest of upper Washington to the rocky coastline of Oregon and California's redwood forests, one's aesthetic senses are continuously enlivened. Although I couldn't get close to Mount St. Helens, the view of Mount Rainier standing out in the horizon was a fine substitute.

I spent a week in the San Joaquin Valley near Fresno, California, and toured Sun-aid and Christian Brothers. Staying with friends in vineyard land, my mouth would water during daily runs past acres of grapes drying on long mats next to the road. It was a treat seeing grapes for 49 cents a pound at the grocery and feeling even that was too much. I soon left California for Colorado, then completed my trip home to Michigan in time for a friend's wedding, and, of course, the haunts of Halloween.

One often hears that the view from a mountaintop or the view over the Grand Canyon makes a person feel small and insignificant, a minuscule dot on the landscape of Earth. That feeling was with me several times, overlooking horizon to horizon mountains in Canada and Colorado, viewing the expanse of the

Pacific Ocean from the Alaskan Ferry, and the morning an earthquake (5.75 on the Richter Scale) woke me from a sound sleep in Yosemite National Park, California, giving me the sensation of being surrounded by dozens of locomotives revving their engines full tilt. These feelings are humbling in a way, but they also provide enlightening perspectives for viewing one's life and for taking action with that life. Travel provides unique experiences in an atmosphere absent familiarity and, thus, urges increased awareness to minimally cope with and, at best, to enhance those experiences.

Returning home becomes an adventure, too, and one learns that daily life is filled with mini-adventures: the challenge to complete routine errands during winter's record deep freeze, a cross-country outing to Hartwick Pines or Hanson Hills, or merely watching ice flow down the AuSable in a sparkling sunshine.

While I hope everyone will launch extended trips to faraway places, whether it's Alaska, Canada, Mexico, or overseas, I hope that opportunities for local adventures are exercised as well. The delicious flavors of life should be tasted often.

On The Slopes Together

It was bruises, lacerations and a sprained ankle the first time Dale and Fred went skiing. They were going to learn this sport together—and they did. For they brought to it excitement, courage and a commitment to sharing all of life's adventures.

It's been a couple of years since Fred and Dale were married in the college chapel. Now they've settled here in our town and we see them in church every week. No doubt when they start to raise a family we'll be seeing the youngsters in Sunday School, too.

Dale and Fred seem to have a very simple but profound philosophy of life: They're on the slopes together—sharing each other's love—and God's.

ABWA News

The "We Did It" year is under way for the 52 member Grayling Charter Chapter of American Business Women's Association.

The program for the January 19 meeting gave ABWA members an opportunity to try fitness exercises to the beat of lively music. The energetic program was led by guests Chris Bills and Robbie Kafkas, who are Jazzercise instructors, and Jeri Winton, who is a Jazzercise student. Although Jazzercise looks like choreographed dance routines, each is specifically designed for cardiovascular, muscular, and metabolic improvement and FUN. Chris gave each of us a pass to attend class and try Jazzercise.

Bonnie Donnelly and committee are working with Gaylord women who are interested in starting a new ABWA chapter.

Surprises will be arriving throughout the year from Secret Pals drawn at the January meeting.

Beginning with the February meeting, each member not attending is to call in her dinner cancellation to Doretha Carlson 348-8788.

Scout Sunday Feb. 7th

Scout Sunday for Cub Scouts and their families will be held Sunday, Feb. 7 at 10:30 a.m. at the Free Methodist Church.

The Blue and Gold Banquet will be held on Tuesday, Feb. 9 at the Grayling Elementary School from 6:00 - 9:00 p.m. for all Cub Scouts and their families.

Notice!!

Eagles Auxiliary members, February 11th, at 7:00 p.m. Important meeting for you to attend. Third reading of proposed By-Law changes and voting on the changes.

WE'LL SHOW YOU HOW

Ameri-therm THERMALLY ACTUATED VENT DAMPER

The AMERI-THERM Vent Damper has four bi-metal quadrants that remain in a closed position when the appliance is not in operation. Upon ignition of the appliance, the hot flue gasses reach the damper, causing the quadrants to flex to an open position in a short period of time. (Fig. 1) The flexing of the bi-metal quadrants is the only movement of the AMERI-THERM Vent Damper! The unit has been engineered for extreme simplicity by eliminating linkages, friction surfaces, bearings, electrical circuits and relays.

WHAT DO YOU HAVE TO LOSE?

TAXES!

That's right! Beginning January 1, 1982, ALL wage earners can enjoy the tax saving benefits of an Individual Retirement Account (IRA). Even if your employer already has an established pension program, you can begin setting aside up to \$2,000.00 per year of **TAX DEFERRED** income in your own IRA.

Funds (principal and interest) in an IRA remain tax free until you retire, at which time you will probably be in a lower tax bracket. And you don't need \$2,000.00 to qualify... that is the maximum you can deposit. You can deposit from earnings any amount you wish up to \$2,000.00... and at any time you wish. In fact, payroll deductions may be a perfect way for you to systematically invest in your IRA.

At First Savings, you will receive a top return on your deposit. And unlike most other IRA programs, your funds are insured up to \$100,000.00 by the FSLIC, an agency of the federal government. IRS regulations provide for substantial penalties for withdrawal from IRA accounts before age 59½. Federal regulations also require substantial penalties for early withdrawal.

If you were to deposit \$2,000.00 per year and receive a 12% yield, here's a sample of how fast your funds would accumulate.

5 yrs.	10 yrs.	15 yrs.	20 yrs.	25 yrs.	30 yrs.
\$14,458.00	\$40,570.00	\$87,732.00	\$172,913.00	\$326,759.00	\$604,625.00

*The rate you actually earn may be higher or lower than 12%. This is used for illustrative purposes only.
